

# LINK Roller Banner Wall

Designed For  
Fabric Graphics

*Three System Semi Curved Graphic Wall*

*Angled End Caps*

*Angled Chromed Banner Lock*

*Optional Roll Back Top Profile  
To Hold Fabric Graphics*

- ❖ Ultra modern designer styled system, presented in a sleek satin black finish, with highly durable 10mm thick, chrome plated steel end caps
- ❖ The uniquely engineered angled base allows multiple systems to sit together to create almost seamless, semi curved landscape graphic walls
- ❖ The top graphic bars are also securely connected together with angled banner linking brackets and the low profile front design of the base unit also ensures you see more graphic from the front view than most other roller banners too

# LINK Roller Banner Wall

*Matt Black Powder Coated Base with Chromed Steel End Caps*

*Removable Open Cassette Cover*

*Snap-in or Slide-on Your Graphic*

*Sleek designer styled system*

*Semi Rigid Carry Bag*

- ❖ Changing graphics is easy, simply extend it from the base, replace the locking pin, push the buttons on end caps, remove the complete top section of the base, then remove the old graphic and snap-in or slide-on a new graphic
- ❖ This system offers a lightweight, highly portable landscape graphic solution for use at any exhibition or event
